DISCLAIMER

Course information and content contained in this document are correct at the time of printing.
Commencement of courses is subject to funding, staffing and overall student interest.
Course information is subject to change without notice.

Studying at Central Regional TAFE means being supported in your journey towards your future career.

The stats don't lie.

89.3% of 2025 TAFE graduates in Australia were satisfied with their training.*

The majority of 2025 TAFE graduates were not only satisfied with their training, but gained employment after training as well.*

More than 90% of new jobs over the next decade will be in occupations requiring post-secondary qualifications.^

Did you know?

Central Regional TAFE's industry-experienced staff are dedicated to your success, helping you find a Vocational Education and Training Delivered to Secondary Students (VETDSS) pathway or Pre-Apprenticeships in School (PATIS) program that best suits you.

Working closely with industry partners and the community, we provide every opportunity for you to achieve your goals. This ensures our training is cutting edge, and our graduates are highly skilled and ready for tomorrow's workforce.

PATHWAYS

Whatever your career goal is, training at CR TAFE can help you get there, whether you are studying a Certificate, a Diploma qualification, or beyond.

Perhaps getting an apprenticeship or traineeship is your goal. By studying a VETDSS or PATiS qualification, you can have an advantage.

Even if you change your mind along the way, rest assured the time spent completing your vocational education and training was worth it.

1

VETDSS/PATiS

As a VETDSS or PATiS student,
you can choose to study a:

- Certificate II
- Certificate III or
- Certificate IV

or take on a
Pre-Apprenticeship

2

EMPLOYMENT- BASED TRAINING

Following your VETDSS or PATiS course, you can either take on further study at a higher level, or you can choose to take on an apprenticeship or traineeship and complete training while getting on-the-job skills and knowledge.

FURTHER STUDY

Your options here are endless - take on further study in your chosen field or beyond, and at higher levels such as: Diploma, Advanced Diploma or Bachelor Degree (University)

EMPLOYMENT

Dive in and enter the workforce in the career you've trained for! You'll already have the skills, confidence, and experience employers are looking for.

VETDSS and PATiS Pathways are the perfect introduction into the world of work.

Learn practical skills in Years 11 and 12 while gaining an insight into what to expect in the workplace.

Success in your program can lead to employment or give you a head start in other nationally recognised qualifications. Some higher-level qualifications even offer pathways into higher education and university studies.

VOCATIONAL EDUCATION AND TRAINING (VET) DELIVERED TO SECONDARY STUDENTS

VETDSS courses are designed for students who are still at high school but would like to start working or studying in a specific field. You can complete full vocational qualifications which will contribute towards your WACE.

Vocational courses provide training options to progress into the world of work after high school and offer a different pathway to university, apprenticeships, traineeships and other higher qualifications.

For more information on how a VET qualification can be a unique and alternative pathway into university, scan the QR code below.

We work closely with regional secondary schools to offer a wide range of programs including Pre-Apprenticeships in Schools (PATiS) and higher qualifications.

PRE-APPRENTICESHIPS IN SCHOOLS (PATiS)

PATiS programs see students attend practical and theory-based training at CR TAFE for two (2) days per week where they are taught by qualified lecturers. Students are also required to participate in work placement which is an excellent opportunity for them to showcase their skills and work readiness to potential employers.

If you are in Year 11 or 12, the PATiS program involves attending school, completing Certificate II Pre-Apprenticeship training at CR TAFE, and completing work placements.

There is no doubt employers look favourably at the candidate who has a proven track record of study, demonstrated the capacity to apply themselves to a formal TAFE course and understands the practices and terminology associated with the trade in question.

Scan me for more info:

FEES AND CHARGES

Secondary school students participating in a VETDSS/PATiS program as part of their secondary education are exempt from course and resource fees. However, depending on the chosen course, students may be required to purchase protective clothing, uniforms, text books, student cards and equipment at their own cost.

Specific information regarding fees and charges (if required) will be outlined for each qualification.

HOW TO ENROL

Speak with your parent/guardian and visit our website to apply for your course online: www.centralregionaltafe.wa.edu.au/applications
In addition to this, see your School VET Coordinator, who will assist you with your application form.

Applicants are required to attach:

- Copies of most recent school reports;
- Letter of application; and
- Any supporting documentation (for example, work placement reports, references, awards).

When completing the application, ensure you have the support of your parent/guardian and your school.

DATES

All applications for 2027 programs must be submitted via the CR TAFE website enrolment portal by October 16th, 2026.

APPLICATION REVIEW PROCESS

Depending on the course and individual circumstances, the review process may include activities such as an interview with a lecturer, consideration of school reports, submission of an application letter, completion of an online assessment, and recommendations from your school. Additional review activities such as aptitude tests may also be required

Successful students will be notified in Term Four via your School VET Coordinator.

INDUCTION AND ATTENDANCE

The student orientation session provides students with further information about scheduled classes, activities and a chance to meet the lecturer and have a tour around campus.

Students are responsible for ensuring their attendance in class and notifying their lecturers if they are unable to attend or are running late.

Attendance is recorded and all absences are communicated to the student's school on the same day. Repeated absences may result in a school being contacted regarding a student's continuation in the program.

INFORMATION FOR

CLASSROOM AND TAFE ENVIRONMENT

CR TAFE is an adult learning environment with a focus on developing skills and knowledge to the standard required in the workplace. This means:

- Students are responsible for their own learning and are expected to manage their workload, and seek assistance from lecturers when needed.
- Learning activities at CR TAFE are not limited to lessons in a classroom environment and may include: lectures, tutorials, online learning, work placements, assessments, research, project work, group work or workshops.
- Course hours include a wide range of delivery and assessment activities and may not always be used for classroom teaching.
- Students under 18 years of age share CR TAFE facilities such as the library, canteen, computer labs and ablution blocks with adult students.
- Some courses are delivered across more than one campus and/ or involve a workplace. Parents/guardians are responsible for their child's travel arrangements to and from the campus or workplace.
- Students may be required to complete assessment tasks/assignments outside

of their scheduled timetable. Some of these assessment tasks/assignments are undertaken in the community.

SUPERVISION

While attending CR TAFE, students are under the supervision of their lecturer taking the class. Students will not be supervised during break times. Students are expected to remain within the College grounds unless they provide their lecturer with written notification from a parent or their school that they intend to leave the College earlier than the advertised class finish time.

EXCURSIONS

CR TAFE provides parents/guardians with information on excursions prior to the event. Written parental consent will be sought for students under 18 to participate in excursions away from CR TAFE premises. If parental consent is not given, your child will not be able to attend the excursion and CR TAFE will not provide an alternative supervised activity. Students may be required to make their own way to excursions. In these situations parents/guardians will be responsible for organising transport to and from excursions.

INFORMATION

HEALTH AND SAFETY

CR TAFE strives to provide an environment that supports the health and well-being of all students by:

- Following the relevant WHS policy, guidelines and practices.
- Providing designated first-aid officers, available to students at all campuses.
- Providing assistance and if necessary, arranging for qualified medical personnel in case of an emergency.
- Promoting a friendly and inclusive environment where bullying or any form of harassment is not accepted. Any student experiencing bullying or harassment of any kind should inform a CR TAFE staff member immediately.
- Ensuring all relevant staff have a Working with Children Check subject to the Working with Children (Criminal Record Checking) Act 2004.
- Implementing the Emergency Response Plan in case of an emergency.
- Providing parents/guardians with a copy of an Accident/Incident report if their child is seriously injured.

INSURANCE

Students are not covered for Personal Accident or any loss or damage to property whilst on a CR TAFE campus. However, CR TAFE does hold cover with the Insurance Commission of WA (RiskCover) that provides Personal Accident and public liability cover for students who are undertaking approved unpaid work experience that is allocated or arranged by CR TAFE.

Personal Accident and public liability cover is also extended to those students attending any official College camp, excursion, trip or other off campus activity which is approved and organised by CR TAFE.

The responsibility is placed on parents/guardians in relation to whether they arrange their own Personal Accident insurance or private health cover for their child if they believe CR TAFE coverage is not adequate.

VETDSS TRADE PATHWAY QUALIFICATIONS

AUTOMOTIVE

AUR20720 Certificate II in Automotive Vocational Preparation

If working with cars and trucks is what you would like to do, this course is the one for you. Learn how to service engines, as well as how to use and maintain workplace tools and equipment.

After successful completion of this qualification, you may look towards an Apprenticeship in a range of areas including: Motor Mechanic (Light), Heavy Duty Road Transport, Mobile Plant or Auto Electrician.

You will have the opportunity to test your skills in a simulated automotive workshop during the course.

Gain skills in:

- Communicating effectively
- Working in a team environment
- Planning organising and problem solving skills
- Servicing a vehicle, and
- Performing general vehicle maintenance and small repairs.

ADDITIONAL COSTS	NIL.	DURATION	Two (2) year program, one (1) day per week.
UNIFORM REQUIREMENTS	Long pants, Long sleeved drill (hi-vis) shirt. Steel capped boots that comply with Australian Safety Standards. Clear safety glasses.	WORK PLACEMENT REQUIREMENTS	NIL.
CAREER OPPORTUNITIES	Successful completion of this qualification may assist you in applying for an apprenticeship in automotive trades such as light vehicle mechanics, heavy commercial vehicle mechanics, agricultural mechanics and more.	COURSE PATHWAYS	Multiple apprenticeships in the automotive industry, such as AUR30420 Certificate III in Agricultural Mechanical Technology. AUR30620 Certificate III in Light Vehicle Mechanical Technology. AUR31026 Certificate III in Automotive Sales.

BUILDING & CONSTRUCTION

CPC20220 - AC61 Certificate II in

Construction Pathways (Building Maintenance)

On successful completion of this course you can seek an apprenticeship in the building and construction industry in your chosen trade stream and gain credit towards an apprenticeship for completed subjects.

The first stage of the course has units common to eleven construction trades, providing a great introduction to the industry, its culture, occupations, job roles and workplace expectations.

The elective units of competency are carpentry based, covering Occupational Health and

Safety requirements, the industrial and work organisation structure, communication skills, work planning, carpentry and basic use of tools and materials.

Develop skills in:

- General construction techniques
- Working as part of a team
- Work safely in the construction industry
- Using a variety of construction tools and equipment.

ADDITIONAL COSTS	NIL.	DURATION	Two (2) year program, one (1) day a week.
UNIFORM REQUIREMENTS	Long pants, long sleeved drill (hi-vis) shirt. Steel capped boots that comply with Australian Safety Standards. Clear safety glasses.	WORK PLACEMENT REQUIREMENTS	NIL.
CAREER OPPORTUNITIES	On completion of this course, you may be able to seek an apprenticeship in the construction industry.	COURSE PATHWAYS	Multiple apprenticeships in the construction industry, such as RII30820 Certificate III in Civil Construction Plant Operations.

MEM20422 Certificate II in Engineering Pathways

If you are looking for a trade with many different employment opportunities, this qualification is a fantastic starting point. Learn mechanical cutting, thermal cutting, gouging and welding.

Upon completion of this qualification, you may choose to become a trade assistant or progress to an Apprenticeship in a wide variety of fields, including; Fabrication - Heavy (Boilermaker); Light (Sheetmetal); Welder or Heavy/Welder and Fitting and Machining.

This qualification provides practical skills and knowledge in a range of metals and engineering industry areas. Also learn about safety in the workplace, computing and maths and practice the skills you have learned in a workshop environment.

The skills packaging for the qualification has been developed on an assumption that competency will be developed through a

combination of on and off-the-job learning strategies, such as those delivered through a formal traineeship.

This course is an excellent opportunity to experience an insight into becoming a Fabricator or Fitter and Machinist.

Units completed may assist you in gaining employment as an apprentice.

Gain skills in:

- Using tools
- Measuring and calculating
- Technical drawing and drafting
- Load shifting
- Thermal cutting
- Using forging and casting equipment
- Welding.

ADDITIONAL COSTS	NIL.	DURATION	Two (2) year program, one (1) day per week.
UNIFORM REQUIREMENTS	Long pants (cotton drill), long sleeved hi-vis shirt (cotton drill). Steel capped boots that comply with Australian Safety Standards. Clear safety glasses.	WORK PLACEMENT REQUIREMENTS	NIL.
CAREER OPPORTUNITIES	Once completed you will have the skills and knowledge to become a Trade Assistant or gain an apprenticeship in one of the following trades within the metals and engineering sector; Fabrication - Heavy (Boilermaker). Light (Sheetmetal), Welder or Heavy/Welder trade or Fitting and Machining.	COURSE PATHWAYS	Certificate III Engineering apprenticeship qualifications and streams such as: MEM31922 Certificate III in Engineering - Fabrication Trade.
